**The line of cylinders and
tanks for industry**

Company

Forty years of experience to achieve excellence

Eurocamping has been a manufacturer and supplier of gas cylinders and accessories for camping and leisure since 1975. Over forty years of experience in the production of gas articles and accessories for camping and leisure – LPG cylinders, stoves, lamps, welders and parabolic heaters – has allowed us to continue to implement our production with the New Workline line of containers for technical gases and tanks for compressed air dedicated to very different markets, from the automotive, to the pneumatic to the air conditioning and refrigeration markets.

Today, Eurocamping offers high-quality products, made in Italy and manufactured following the highest quality standards through stringent process controls, constant research and technological innovation to satisfy the needs of its Customers. Thanks to a company philosophy devoted to innovation and quality, today Eurocamping is recognized as an international leader in the production and supply of cylinders, gas accessories for camping and tanks.

Producers since 1975

For over forty years, Eurocamping has been a manufacturer of gas cylinders and accessories for camping and leisure, gas cylinders for technical gases and compressed air tanks.

Made In Italy

Eurocamping has always produced all its products in Italy

Certified Quality

Each product can be customized and manufactured according to the standards of the individual countries of destination.

Certified

Eurocamping is a certified ISO9001 supplier. The guarantee of the high-quality Made in Italy of its products has been tested and recognized by the most famous international centres and this has earned the trust and loyalty of the most demanding clientele, in the outdoor as in the automotive, refrigeration/air conditioning sectors.

Workline is the line of technical products for industry – containers for technical gases, refrigerants and compressed air tanks – produced by Eurocamping and destined for the automotive, refrigeration, plant engineering and pneumatic sectors.

Technical gas cylinders

A range of technical containers for industry and the containment of refrigerant gases of capacity from 2.5 to 22 L approved according to Directives 2014/68/EU PED and 2010/35/EU T-PED.

TECHNICAL GAS CYLINDERS > CLASS 2A REFRIGERANTS

Cylinder - green RAL (6018) - for class 2A refrigerant gas - conforms to Directive 2010/35/EU T-PED - 2.5 L - handle H 105 mm - base ring D.160 mm - 17E thread - pressure 48 bar

Cylinder - green RAL (6018) - for class 2A refrigerant gas - conforms to Directive 2010/35/EU T-PED - 4.8 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 / 48 bar

Cylinder - green RAL (6018) - for class 2A refrigerant gas - conforms to Directive 2010/35/EU T-PED - 7 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 / 48 bar

Cylinder - green RAL (6018) - for class 2A refrigerant gas - conforms to Directive 2010/35/EU T-PED - 12 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 bar

Cylinder - green RAL (6018) - for class 2A refrigerant gas - conforms to Directive 2010/35/EU T-PED - 12.5 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 / 48 bar

Cylinder - green RAL (6018) - for class 2A refrigerant gas - conforms to Directive 2010/35/EU T-PED - 12.5 L - handle H 158 mm - base ring D.229 mm - 17E / 25E thread - pressure 48 bar

Cylinder - black - for class 2A / 2F refrigerant gas - conforms to Directive 2014/68/EU T-PED - 12 L - small handle - base ring D.205 mm - 25E thread

Cylinder - black - for class 2A / 2F refrigerant gas - conforms to Directive 2014/68/EU T-PED - 22 L - small handle - base ring D.205 mm - 25E thread

TECHNICAL GAS CYLINDERS > CLASS 2F REFRIGERANTS

Cylinder - red RAL (3000) - for class 2F refrigerant gas - conforms to Directive 2010/35/EU T-PED - 2.5 L - handle H 105 mm - base ring D.160 mm - 17E thread - pressure 48 bar

Cylinder - red RAL (3000) - for class 2F refrigerant gas- conforms to Directive 2010/35/EU T-PED - 4.8 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 /48 bar

Cylinder - red RAL (3000) - for class 2F refrigerant gas- conforms to Directive 2010/35/EU T-PED - 7 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 /48 bar

Cylinder - red RAL (3000) - for class 2F refrigerant gas- conforms to Directive 2010/35/EU T-PED - 12 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 bar

Cylinder - red RAL (3000) - for class 2F refrigerant gas- conforms to Directive 2010/35/EU T-PED - 12.5 L - handle H 120 mm - base ring D.205 mm - 17E / 25E thread - pressure 36 /48 bar

Cylinder - red RAL (3000) - for class 2F refrigerant gas- conforms to Directive 2010/35/EU T-PED - 12.5 L - handle H 158 mm - base ring D.229 mm - 17E / 25E thread - pressure 48 bar

Cylinder - black - for class 2A / 2F refrigerant gas - conforms to Directive 2014/68/EU T-PED - 12 L - small handle - base ring D.205 mm - 25E thread

Cylinder - black - for class 2A / 2F refrigerant gas - conforms to Directive 2014/68/EU T-PED - 22 L - small handle - base ring D.205 mm - 25E thread

TECHNICAL GAS CYLINDERS > GAS CLASS 2TC

Cylinder - yellow RAL (1018) - for sulphur dioxide - conforms to Directive 2010/35/EU T-PED - 2.5 L - handle H 105 mm - base ring D.160 mm - 17E thread - pressure 14 bar

Cylinder - yellow RAL (1018) - for sulphur dioxide - conforms to Directive 2010/35/EU T-PED - 4.8 L - handle H 120 mm - base ring D.205 mm - 17E thread - pressure 14 bar

Cylinder - yellow RAL (1018) - for sulphur dioxide - conforms to Directive 2010/35/EU T-PED - 7 L - handle H 120 mm - base ring D.205 mm - 17E thread - pressure 14 bar

Cylinder - yellow RAL (1018) - for sulphur dioxide - conforms to Directive 2010/35/EU T-PED - 12.5 L - handle H 120 mm - base ring D.205 mm - 17E thread - pressure 14 bar

Tank for compressed air

A range of containers for the containment of compressed air for the automation, plant engineering and pneumatic industry, with capacities from 0,5 to 12 litres with two and four outlets, approved according to Directive 2014/68/EU PED.

TANK FOR COMPRESSED AIR > 2-WAY TANKS

51051095

EAN CODE: **8020189005278**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 0,5 L - pressure 11 bar - two G1/2" F outlets

PACKAGING DATA: **PZ 12 / PL Kg. 7,1 / MC 0,022**

51051021

EAN CODE: **8020189000129**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 1 L - pressure 11 bar - two G1/2" F outlets

PACKAGING DATA: **PZ 12 / PL Kg. 11,5 / MC 0,029**

51051022

EAN CODE: **8020189000136**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 2.5 L - pressure 11 bar - two G1/2" F outlets

PACKAGING DATA: **PZ 6 / PL Kg. 8 / MC 0,039**

51051023CE

EAN CODE: **8020189000143**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 4.8 L - pressure 11 bar - two G1/2" F outlets

PACKAGING DATA: **PZ 4 / PL Kg. 10 / MC 0,039**

51051024CE

EAN CODE: **8020189000150**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 7 L - pressure 11 bar - two G1/2" F outlets

PACKAGING DATA: **PZ 4 / PL Kg. 12 / MC 0,055**

51051025CE

EAN CODE: **8020189000167**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED -
12 L - pressure 11 bar - two G1/2" F outlets

PACKAGING DATA: **PZ 2 / PL Kg. 9,5 / MC 0,045**

TANK FOR COMPRESSED AIR > 4-WAY TANKS

51551021

EAN CODE: **8020189003090**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 1 L - pressure 11 bar - four G1/2" F outlets

PACKAGING DATA: **PZ 12 / PL Kg. 12,5 / MC 0,029**

51551022

EAN CODE: **8020189003106**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 2.5 L - pressure 11 bar - four G1/2" F outlets

PACKAGING DATA: **PZ 6 / PL Kg. 8,5 / MC 0,039**

51551023CE

EAN CODE: **8020189003113**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 4.8 L - pressure 11 bar - four G1/2" F outlets

PACKAGING DATA: **PZ 4 / PL Kg. 10 / MC 0,039**

51551024CE

EAN CODE: **8020189003120**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED - 7 L - pressure 11 bar - four G1/2" F outlets

PACKAGING DATA: **PZ 4 / PL Kg. 12 / MC 0,055**

51551025CE

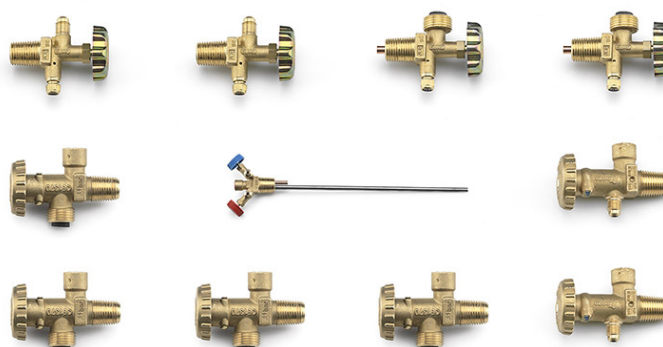

EAN CODE: **8020189003137**

Tank - blue - for compressed air - Conforms to Directive 2014/68/EU PED -
12 L - pressure 11 bar - four G1/2" F outlets

PACKAGING DATA: **PZ 2 / PL Kg. 10,5 / MC 0,045**

Accessories

Eurocamping produces accessories for technical gas containers.

ACCESSORIES > ACCESSORIES FOR TECHNICAL GAS CONTAINERS

70501593

EAN CODE: **8020189004684**

Tap for cylinder - W21.7X1/14" right M vertical outlet - W19.8X1/14" taper12% 17E connection - 33 bar safety valve - 140 mm dip pipe

PACKAGING DATA: **on request**

70501562

EAN CODE: **8020189005063**

Tap for cylinder - W21.7X1/14" right M horizontal outlet - W19.8X1/14" taper12% 17E connection - 33 bar safety valve

70501563

EAN CODE: **8020189005070**

Tap for cylinder - W21.7X1/14" right M horizontal outlet - W19.8X1/14" taper12% 17E connection - 44 bar safety valve

PACKAGING DATA: **on request**

70501565

EAN CODE: **8020189005087**

Tap for cylinder - W21.8X1/14" left M horizontal outlet - W19.8X1/14" taper12% 17E connection - 33 bar safety valve

70501564

EAN CODE: **8020189005094**

Tap for cylinder - W21.8X1/14" left M horizontal outlet - W19.8X1/14" taper12% 17E connection - 44 bar safety valve

PACKAGING DATA: **on request**

70501530

EAN CODE: **8020189005049**

Tap for cylinder - 7/16"-20 UNF M (1/4" SAE) horizontal outlet - W19.8X1/14" taper12% 17E connection - 31 bar safety valve

70501531

EAN CODE: **8020189005056**

Tap for cylinder - 7/16"-20 UNF M (1/4" SAE) horizontal outlet - W19.8X1/14" taper12% 17E connection - 42 bar safety valve

PACKAGING DATA: **on request**

70501451

EAN CODE: **8020189004998**

Tap for cylinder - double liquid/gas 7/16"-20 UNF M (1/4" SAE) horizontal outlet - W28.8X1/14" taper12% 25E connection - 44 bar safety valve - 330 mm dip pipe

PACKAGING DATA: **on request**
